

Applewood Property & Infrastructure Committee

5, Grandview Boulevard, Doncaster , Victoria, 3108

Report for Applewood residents Committee June 2023

Activity May 2023

The P & I Committee has authored two reports Relocation at Applewood and the Applewood Refurbishment Discussion Paper and presented them to the Applewood Residents Committee (ARC). The ARC has approved both papers for discussion with Applewood Residential Developments (ARD). Discussions will take place in June.

The P& I Committee has also authored the Applewood Resale Discussion paper and it will be presented to the ARC for consideration later in June.

In informal discussions members of the P & I have expressed concerns about the lengthy time that elapsed in finalising the Quantity Survey and presenting it to Applewood residents.

In conjunction with the Applewood Finance Committee members are also concerned that the FY24 Budgets do not appear to reflect the items raised in the draft QS Report. We support any move to formally rationalise the presentation of items in all reports. .

Mike Reece, Chair
Property & Infrastructure Committee
