

Welcome Report

14 May 2025

There appears to be quite a lot of movement with a number of Villas under refurbishment and quite a few already sold with new residents waiting to take occupancy.

During this month I have welcomed new friends to:

**9 Barrington Walk
6 Andrew Grove
Apartment 8.**

Some of these new residents have already taken the opportunity to attend a few of the activities and dinners and seem to be settling in very well.

I have not been able to arrange a suitable date to meet with the people in 13 Eagleview Walk and hope to report on this welcome at the ARC meeting.

I have received the following list of new residents who will join us in May and early June.

**4 Neel Street
3 Lakewood Ave.
4 Wildwood Court
7 Pippin Way
6 Sandpiper Lane**

I am aware there will two more apartments available for refurbishment within the next few months.

I have really enjoyed meeting all these new people who have made Applewood their home, and will encourage them to be part of the many activities available.

The gardens continue to be a significant attraction on making their final decision. Unfortunately the reduced restaurant hours and the lack of a cafe on site here at Applewood, continues to be compared with what is available at other Retirement Villages.

I have requested that the matter of having a day time Cafe available for the benefit of our residents, their family and friends be included on the ARC agenda for discussion.

Ellen Boyd

Welcome Liaison.
