

Welcome Report

9 October 2024

I met with Bev & Graeme Ratten on 13 September and welcomed them as new Residents to Applewood. They have settled into their new Villa and have already joined with other Residents to attend some of our social activities.

I have made contact with two new Residents who moved into Villas at 4 Grand Boulevard and 6 Greengully in September and will meet with them during the following week.

This information is passed on to Brian Morris with the names of our new friends. An invitation is then offered to the men to attend the Men's lunch.

The Sunday Ladies morning Coffee was introduced as an initiative of the ARC and welcomes up to 15/16 women weekly who participate in some lively discussion and the opportunity to gain feedback on various proposed activities. Jenny Baker compliments the morning with her wonderful pianist skills.

The Friday Nighter's Dinners introduced in October 2022 has continued to be well attended and become a favourite with many Residents. From the early planning and preparation by Peter and Ellen and the many menu and restaurant challenges during the past two years, management have become more involved and continued to develop the theme, the menu and entertainment.

The ongoing Friday Nighter's monthly events will continue to be facilitated by Management, with Peter and Ellen choosing not to be as involved due to other personal commitments.

Ellen Boyd

Welcome Liaison.
